

Message from chairman

Message from

H.M. Hakim Ali

President, Bangladesh International Hotel Association

&

CEO, Hotel Agrabad

It is my great pleasure to write this message on the occasion of ensuing Bangladesh International Tourism Fair (BITF) 2017

Bangladesh being a country of huge tourism potentialities has been lagging behind in comparison with our neighbouring countries like India, Nepal, Thailand. If government and private sectors come forward like other tourism rich countries, Bangladesh will also be able to enrich its tourism sector and to attain that motto. So regional cooperation in tourism like Bangladesh International Travel and Tourism Fair (BITF) 2017 will undoubtedly promote and develop tourism not only in Bangladesh but also internationally.

To develop and speed up tourism regionally more significant efforts and united endeavours by the neighbouring countries like this Fair should be taken.

In this way if we speed up pace I am sanguine the day is not far away when Bangladesh will also be able to acquire a room among the tourism rich countries of the world. It is just depend on our sincere effort and the initiative of the government.

I wish the Bangladesh Travel and Tourism Fair (BITF) 2017 a grand success with dazzling future.

Allah Hafez.

H.M. Hakim Ali
